

City of Boca Raton
MS4 NPDES Program
Structural Control Inspection Form
Dry Detention/Retention Area

Facility ID: DDA-01 1101 NW 15th Street

Date: 10/2/18

Inspector Name: T Baiano Inspection conducted _____ days/hours after significant rainfall event

FUNCTION:

- Wet bottom? YES NO
- Dead or dying vegetation on bottom? YES NO
- Any signs of accumulated sediment? YES NO

If YES, report to supervisor for further investigation or schedule for maintenance.

EROSION:

- Vegetation on bottom or side slopes failing? YES NO
- Any signs of erosion? YES NO

If YES, describe and schedule for maintenance: _____

INFLOW STRUCTURE:

- Any signs of erosion? YES NO
- Any signs of structure settling? YES NO
- Any signs of physical damage? YES NO
- Any signs of accumulated sediment? YES NO
- Any debris present? YES NO

If YES, remove debris or schedule for maintenance.

OUTFLOW STRUCTURE (for Detention systems only):

- Any signs of erosion? YES NO
- Any signs of structure settling? YES NO
- Any signs of physical damage? YES NO
- Any signs of accumulated sediment? YES NO
- Any debris present? YES NO

If YES, remove debris or schedule for maintenance.

GENERAL:

- Any signs of "excessive petroleum hydrocarbon contamination"? YES NO
- Any indications of illicit discharge or illegal dumping? YES NO

If YES, address issue as required.
