## **Memorandum**

---

DATE: March 17, 2022  
TO: Palm Beach County NPDES Permittees  
FROM: Alan Wertepny  
REF. NO. C1050.10  
SUBJECT: NPDES MS4 Annual Staff Training

---

### **I. Participants**

Approximately 35 of the 40 permittees were represented at the March 17, 2022, virtual MS4 NPDES Annual Training Webinar. A listing of the 178 participants is attached.

### **II. Refresher Training**

Cheryl Moore (Cheryl L. Moore Consulting, LLC) provided a Zoom Meeting presentation with slides covering the three required annual refresher training topics (spill prevention and response, illicit discharge detection and elimination, and sedimentation and erosion controls for construction sites). A participation sheet with the one hundred seventy-eight (178) participants will be posted on the MS4 group website under Group/Joint Activities/Training. Permittees are reminded that annual training is a requirement of the MS4 permit. For those five (5) non-participating permittees, annual training options include borrowing the group's EXCAL VISUAL Training Videos by contacting Tabbatha Marcus at Mock•Roos or making other arrangements for your personnel.

### **III. Next Schedule Training**

The next scheduled activity is the May 12 & 13, 2022: Florida Stormwater, Erosion, and Sedimentation Control Inspector Training and Qualification Program. Registration for this two-day course may be done by contacting Tabbatha Marcus. The training will be held virtually and registration is through EventBrite.

I believe the information above accurately reflect the information provided and listing of the participants; however, additions and/or corrections will be accepted in writing within seven (7) days of the date of receipt of this emails.

If you have any questions, please call me at 683-3113, extension 231.
